SCHOLARSHIP APPLICATION ESSAY

We all belong to various communities based on things such as our identities, physical location, school, or interests, such as sports.

Think about a community that is important to you and:

- 1) **name the community and why it is important to you; AND**
- 2) **identify a problem that impacts your community of choice, AND**
- 3) **explain how you would solve the problem if money and resources were not a limitation.**

We encourage you to be as creative as possible as you develop your solution. Remember, you have unlimited money and other resources to develop your solution – so think outside the box.
